

Disability Insurance

How you can protect your income

If you become disabled, you could be out of work for a while. Without your income, how would you pay for your everyday living expenses? Fortunately, The Paul Revere Life Insurance Company offers financial protection options that can help you.

What can cause a disability?

Many accidents or sicknesses can lead to short term disability claims, including pregnancy and childbirth; injuries from a major accident including dislocations, sprains and fractures; back problems; side effects from medicines or medical procedures; and some mental illnesses.

Regardless of your age or health, a disabling sickness or accidental injury could keep you out of work for weeks or even months.

How reliable is your safety net?

While many people with disabilities look to workers' compensation or Social Security Disability Insurance (SSDI) for help, these resources aren't always reliable. In fact, 68% of workers who apply for SSDI are denied.¹ Even if these resources can help, they might not be enough to meet your financial obligations.

How to help yourself

You can be better prepared to preserve your way of life with Short Term Disability insurance.

Disability insurance features:

- Benefits payable directly to you in regular payments if you can't work because of a covered accident or sickness (injury or illness).
- Disability benefits may be available if you return to work part time.
- In most cases, you can keep your coverage even if you change jobs, as long as you pay your premiums when due.

Your benefits counselor can help you determine the amount of coverage that's right for you.

Nearly

70%

of Americans worry about having enough emergency savings to cover a month's worth of living expenses.²

25%

of 20 year olds can expect to be out of work for at least a year for a disabling condition before they retire.³

The Group and Individual Short Term Disability policies provide disability income insurance only. They do NOT provide basic hospital, basic medical or major medical insurance as defined by the New York State Department of Financial Services. The expected benefit ratio for the Individual Short Term Disability policy (DIS1000-NY) is 50 percent. This ratio is the portion of future premiums that the company expects to return as benefits, when averaged over all people with this policy.
